## For Immediate Release

### **Plattsburgh International Airport Adds Free Wi-Fi**

*Airport expands list of free services for travelers*

**Plattsburgh, NY – 9/17/08** – In a continuing effort to best serve the traveling public, Plattsburgh International Airport has added another free service. Through a partnership with PrimeLink and TwinState/Voice.Data.Video.Inc., visitors to Plattsburgh International Airport can now access the internet anywhere in the passenger terminal, free of charge.

“TwinState/Voice.Data.Video.Inc. is very pleased to have partnered with PrimeLink and the Plattsburgh-North Country Chamber to offer Wi-Fi services to the many travelers passing through Plattsburgh International Airport. TwinState brought our equipment expertise by installing the Wi-Fi hardware and web software, Primelink provides the fiber based internet backbone, and the Plattsburgh-North Country Chamber provides the web page services. This is a true partnership that elevates the continuing expanding offerings of the Plattsburgh International Airport. We feel that this airport will greatly enhance our community’s offerings and we are always happy to help our community in any way we can,” Dawn M. Collins, Chairman, TwinState/Voice.Data.Video.Inc.

“PrimeLink supports the Plattsburgh International Airport’s new developments, and is pleased to be part of this partnership that enhances the airport experience. By expanding and offering value-added, state-of-the-art services such as FREE Wi-Fi, the Plattsburgh International Airport is keeping itself aligned with the competition. This competitive edge is keeping passengers happy, returning and encouraging economic growth in our area. As our area grows PrimeLink continues to grow right along with it, continuing to provide the latest ‘up-to-the-minute’ options in telecommunications technology,” Sarah McCune, Director of Marketing.

Free Wi-Fi is just one more tool to help market the airport to the travelling public facing an increasing number of add-on charges for flights. From its opening in June 2007, the airport’s free parking has proved a great selling point. This wildly popular perk for travelers, especially Quebecers, has driven this summer’s parking lot expansion project. The free Wi-Fi is just one more way to deliver the customer-friendly experience for which the airport is becoming known.

“Our motivation is to deliver the best travelling experience to our airport customers – whether it’s free parking or free internet access. Plattsburgh International Airport is quickly changing the perception of what an airport can – and should – offer travelers,” Chris Kreig, Airport Manger, Plattsburgh International Airport.

**About Plattsburgh International Airport**

Created from the former Plattsburgh Air Force Base, Plattsburgh International Airport (PBG) is the first private sector redevelopment success story among the military base closures in the 1990s. Owned and operated by the Clinton County Government, Plattsburgh International Airport is a multi-purpose aviation and aerospace complex sitting on more than 5,000 acres. With the addition of a state-of-the art passenger terminal, the airport serves residents of northern New York, southern Quebec and Vermont.
